

**HARRISON WEST SOCIETY**  
**UIRF PROJECT PROPOSALS**

<i>Project Description</i>	<i>UIRF Approved Category</i>
<p>Convert street lights to acorns, especially on high traffic streets and on streets whose lights are nearly all acorns already (e.g. Perry St. from W. 2nd to W. 3rd Avenues)</p> <p>Note: Limit as necessary to cover commercial districts only, e.g. 3rd Avenue</p>	Street lighting (decorative)
Construct new sidewalks on north side of W. 2nd Avenue, and new curbs on south side (from where Wagenbrenner property meets Harrison Park down to the river)	New sidewalks
Replace asphalt streets with brick where possible	Intersection or road improvements
Construction of a community garden (site TBD)	Park improvements
Landscape western entrance to the neighborhood at W. 3rd Avenue and Olentangy River Road; in particular, install large planters on brick landings at Olentangy River Road	Park improvements; Street trees; Planted median
Kayak and Canoe Portage (and associated signage) on Olentangy River (exact site TBD, but likely the end of 2nd Avenue)	Stream related improvements
Adding striped crosswalks at major intersections (e.g. park approaches on 3rd Avenue). Note: Harrison West Society would like to consult on the possibility of alternative crosswalk designs (e.g. irregular stripe patterns, color variation, etc.) in order to more effectively slow traffic.	Park improvements; Intersection or road improvements
Improvements to Side-by-Side Park including signage, drainage improvement at pathway and alley to the south, brick repair	Park improvements
Improvements to Harrison West Park including: signage, bench replacement, water, electricity, and addition of a play area for older children (where ash trees are currently located)	Park improvements
Improvements to Harrison Park including: water, reseedling	Park improvements

Remove remains of old sewer and drain stairs from river behind gazebo	Park improvements
Pave or brick alley connecting Side-by-Side Park and Harrison Park	Park improvements; New sidewalks; Alley repair
Plantings (bulbs, redbuds, dogwoods, or other under-story trees) along river	Stream related improvements
Improvements to the south entrance to the neighborhood on Michigan Avenue, possibly including art and planting beds	Planted median
Invasive species abatement along east bank of Olentangy River	Stream related improvements
Improvements to Vermont Island including bench replacement and dead tree removal	Park improvements
Sound abatement on the west bank of the Olentangy River, preferably arbor vitae, cedar, or similar; preferably not a panelized wall	Street trees; Stream related improvements
Rebuild or remove damaged traffic island (Collins Avenue, near CVS on Neil Ave)	Planted median; intersection / road improvements
Add lamp post to the traffic island on 3rd Avenue (part of decorative lighting upgrades to commercial district)	Planted median; street lighting (decorative)
New sidewalks, or at least temporary walkways, underneath the train trestle on W. 3rd Avenue just west of Olentangy River Road	New sidewalks
Mirrors at intersections at the south end of Side-by-Side Park (for vision around corners)	Park improvements; Intersection improvements; Traffic calming
