

WOOD WINDOW WORKSHOP

Energy efficiency & sustainability are increasingly important topics. They affect our comfort, our budgets.

Join us for an informative window workshop. We'll discuss the merits of preserving historic wood windows, comparisons with replacement windows, window anatomy, and energy saving strategies. Following the discussion, participants will get hands-on window repair experience led by window expert Mark Blowers of Excalibur Restoration.

When:

**Thursday, November 9, 2017
6 – 9 PM**

Where:

**King Avenue United Methodist Church
299 King Ave.
Columbus, OH 43201**

**Workshop fee: \$15.00 for Columbus Landmarks members
 \$20.00 for non-members**

Parking is available in the church parking lot, on the south side of King Avenue, and on Neil Avenue. Meet in the basement Fellowship Hall. Pizza & beverages will be provided during the presentation portion of the workshop. Space will be limited to 25 participants.

For Details & To Register for Workshop: Call 614-221-4508 or Visit www.columbuslandmarks.org.
